

## Resources for health and care staff in care home settings

These learning resources are provided for health and care staff working in residential care settings. In the workplace you will receive further training and support, be able to practise skills and gain confidence and competence.

### Additional information

An additional ClinicalSkills.net learning package has been designed to complement this training. This can be found at the url:

<https://carehomes.clinicalskills.net/covid19-procedures>

Password: **NE3PX2R3**

### Statutory and Mandatory Training

As part of this training pathway, Skills for Health have identified four statutory/mandatory e-learning modules that should be completed prior to starting in post.

<https://portal.e-lfh.org.uk/Component/Details/626625>

1. Health, Safety and Welfare – Level 1	20 minutes
2. Fire Safety – Level 1	20 minutes
3. Infection Prevention and Control – Level 2	40 minutes
4. Resuscitation – Level 2	20 minutes

Please return to [Resources for health and care staff in care home settings](#) to continue using the recommended training resources
